Review process

Evaluation process

Applications are evaluated by a committee made up of researchers, member of INAF, whose team has not submitted applications in this competition.
Assessment criteria
An evaluation committee of INAF will evaluate each application on the basis of the criteria proposed by the FRQ, namely:

- The academic excellence and candidate’s research skills (50 points);
- The alignment of internship project with the cluster's scientific program (25 points);
- The integration of the internship in the strategic cluster's international action (25 points).

Announcement of results
The evaluation committee will make its decision in January 2018 and applications will be submitted to the FRQ. Please note that the FRQ reserves the right to accept or reject applications based on available funds.

Value of the scholarship
The scholarship for internship is of a maximum value of $15,000. However, the FRQNT will allow no more than the equivalent of $2,500/month in living expenses.
